The map published under Figure 1 in the paper entitled “New Data on Food Consumption in Pre-Hispanic Populations from Northwest Argentina (ca. 1000–1550 A.D.): The Contribution of Carbon and Nitrogen Isotopic Composition of Human Bones” [1] was modified from a map originally designed and published by María Cristina Scattolin in the following paper: “Categorías Indígenas y Designaciones Arqueológicas en el Noroeste Argentino Prehispánico,” *Chungará, Revista de Antropología Chilena*, 2006, 38 (2): 185–196, thus having a previous copyright. The figure and its corrective legend are presented here.
