In the article titled “Representative Stress-Strain Curve by Spherical Indentation on Elastic-Plastic Materials” [1], there was an error in equation (9), which should be corrected as follows:

$$\varepsilon_r = \beta \left( \frac{\sigma_r}{R} \right).$$

(9)

There was an error in equation (10), which should be corrected as follows:

$$\sigma_r = \frac{F_e}{\psi \pi a^2}.$$

(10)
