In the article titled “Start-Up Characteristics of a Granule-Based Anammox UASB Reactor Seeded with Anaerobic Granular Sludge” [1], there were two errors in Figure 2, where

NH_3^+ in the legend of Figure 2(a) should be changed to NH_4^+ and the x -axis in Figure 2(e) should be changed from “pH” to “Ratio.” The corrected figure is as follows.

FIGURE 2: Continued.

FIGURE 2: Performance of the anammox reactor.
