The paper titled “A Prospective Study of Early Loaded Single Implant-Retained Mandibular Overdentures: Preliminary One-Year Results” [1], published in International Journal of Dentistry, has been retracted as it is found to contain a substantial amount of material from the paper “A prospective study of immediately loaded single implant-retained mandibular overdentures: preliminary one-year results,” Liddel G. J., Henry P. J., Journal of Prosthetic Dentistry, vol. 97, no. 6, pp. S126–S137, 2007.
