In the article, Table 4 is the same as Table 3. This is an error. The captions of each table are correct but the tables are the same. Below is the correct Table 4 with its proper caption.

TABLE 4: Colony distribution departure from randomness; z and P values (in parenthesis) from the test of significance for the three 100 m² quadrants in the different sites. (—): no data was found. (*): not significant data.
