In the article titled “Vitamin D Promotes MSC Osteogenic Differentiation Stimulating Cell Adhesion and $\alpha V\beta 3$ Expression” [1], the text reading “The publication of this article was funded by Max Planck” was included by mistake and has been removed from the article. Additionally, the following sentence was missing from the Acknowledgments section and has been added in place:

The Article has been published with the contribution of 5x1000 IRPEF funds in favor of the University of Foggia, in the memory of Gianluca Montel.
