In the published paper titled “N-Screen Aware Multicriteria Hybrid Recommender System Using Weight Based Subspace Clustering,” in Figure 2, it was not “Device pynamic profile,” it is “Device dynamic profile” and it was not “inforomation” it is “information.” Also, in Algorithm 2, there was an issue with square root placement in Equation (ii). The right equation is as follows:

$$\text{usersim}(R_t, R_c) = \frac{\sum_g \sum_{n=1}^N w_g v_n R_{t(g,n)} R_{c(g,n)}}{\sqrt{\sum_g \sum_{n=1}^N (w_g v_n R_{t(g,n)})^2 \sum_g \sum_{n=1}^N (w_g v_n R_{c(g,n)})^2}}. \quad (\text{ii})$$
