ERRATUM

Paper title: Hepatic Surgery Facilitated by a New Jet Dissector
by H. U. Baer, G. J. Maddern and L. H. Blumgart

The above mentioned publication dealt with the development and successful clinical application of a novel ultra-high-pressure water-jet-dissector in hepatic surgery. Although the delivering firm “MEDICAL EXPORTS” was mentioned in a footnote, the text gave the erroneous impression that the key technical development concerning the water-jet dissector was made by the authors.

Table 1 and Figures 2, 3a and 3b appearing in this manuscript were actually generated by Mr. A. Neracher, Meditech AG, CH-1247 Anières, Switzerland. Mr. Neracher is the developer of this apparatus and the owner of the patents.

The authors and the publisher sincerely apologize for this omission.
