In our paper entitled “Radial Quantitative Ultrasound and Dual Energy X-Ray Absorptiometry: Intermethod Agreement for Bone Status Assessment in Children,” there was an error in the title of x -axis in Figure 1. The title was written as “Difference in Z-score (radial QUS minus DXA)”; however, it should be written as “Mean of Z-scores of radial QUS and DXA.” We have now provided new corrected Figure 1.

These corrections do not change any conclusion or findings of the paper.

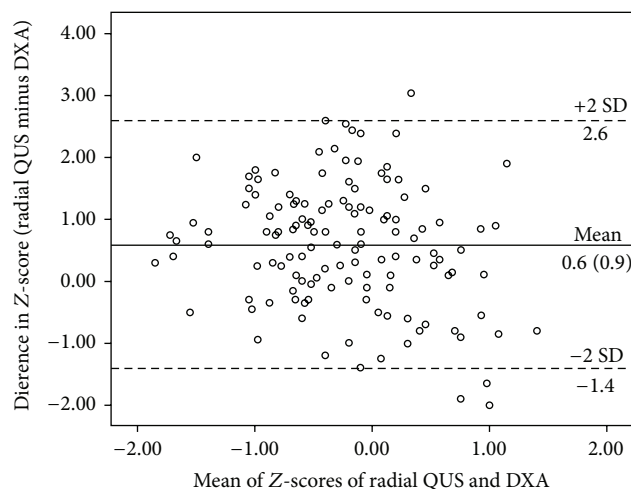

FIGURE 1: Bland-Altman plot for assessing the agreement between radial quantitative ultrasound (QUS) and dual energy X-ray absorptiometry (DXA).
