The article titled “How to Perfuse: Concepts of Cerebral Protection during Arch Replacement” [1] has been retracted as it was found to contain passages of text copied from the following published article: “Modern temperature management in aortic arch surgery: the dilemma of moderate hypothermia,” by Maximilian Luehra, Jean Bachetb, Friedrich-Wilhelm Mohra, and Christian D. Etza, in *The European Journal of Cardio-Thoracic Surgery*, vol.45, no. 1, pp.27–39, 2014. Dr. Andreas Habertheuer has assumed all responsibility for the copied text in the article.
