SLC24A3 SNV + Mutation + Non-Mutation

Supplementary 2. Figure S2. Analysis of SNV mutations of SLC24A3. (A) The alteration frequency of SLC24A3. (B) Kaplan-Meier curve showed overall survival probability of patients with (red) or without (blue) SNV mutations of SLC24A3 in TCGA-CESC cohort. (C) Box plot showed the relation between SLC24A3 expression and SNV mutations in TCGA-CESC cohorts.
