

Appendix

Results of RMBF over time by sheep and slice:

Stable RMBF over time for subject 1, 3 and 5. No Microspheres found in Subject 2 for Times 1 and 2. No microspheres found for time 4 in subject 4. Skin perfusion from subject 5 demonstrating significant variability.

Differences from baseline over time by sheep and slice.

Stable RMBF over time for subject 1, 3 and 5. No Microspheres found in Subject 2 for Times 1 and 2. No microspheres found for time 4 in subject 4. Skin perfusion from subject 5 demonstrating significant variability.

Differences from baseline over time by sheep and tissue.

Stable RMBF over time for subject 1, 3 and 5. No Microspheres found in Subject 2 for Times 1 and 2. No microspheres found for time 4 in subject 4. Skin perfusion from subject 5 demonstrating significant variability.
