The article titled “Left Atrial Anatomy Relevant to Catheter Ablation” [1] was found to contain material, without citation, from the following published articles:

- (i) José Angel Cabrera, Jerónimo Farré, Siew Yen Ho, and Damián Sánchez-Quintana, “Anatomy of the Left Atrium Relevant to Atrial Fibrillation Ablation,” *Catheter Ablation of Atrial Fibrillation*, 2009 (<https://doi.org/10.1002/9781444300185.ch1>) [2].
- (ii) Damián Sánchez-Quintana, Gonzalo Pizarro, José Ramón López-Mínguez, Siew Yen Ho, and José Angel Cabrera, “Standardized Review of Atrial Anatomy for Cardiac Electrophysiologists,” *Journal of Cardiovascular Translational Research* (2013) 6: 124 (<https://doi.org/10.1007/s12265-013-9447-2>) [3].
- (iii) Farhood Saremi and Damián Sánchez-Quintana, “Anatomy for Electrophysiologic Interventions,” *Revisiting Cardiac Anatomy: A Computed-Tomography-Based Atlas and Reference*, 2010 (<https://doi.org/10.1002/9781444323191.ch11>) [4].
- (iv) Damián Sánchez-Quintana and Margarita Murillo, “Anatomical Bases of Supraventricular Arrhythmias,” *European Journal of Anatomy*, 15 (1): 17–28 (2011) (<http://eurjanat.com/data/pdf/eja.110006ds.pdf>) [5].
- (v) Farhood Saremi and Mona Tafti, “The Role of Computed Tomography and Magnetic Resonance

Imaging in Ablation Procedures for Treatment of Atrial Fibrillation,” *Seminars in Ultrasound, CT and MRI*, 2009 (<https://doi.org/10.1053/j.sult.2008.10.015>) [6].

The article [1] includes an overlap of 3,257 words with José Angel Cabrera et al. [2], 1,536 words with Damián Sánchez-Quintana et al. [3], 1,208 words with Farhood Saremi and Damián Sánchez-Quintana [4], 923 words with Damián Sánchez-Quintana and Margarita Murillo [5], and 883 words with Farhood Saremi and Mona Tafti [6].

The authors clarified that they did not cite these articles because they did not consider it relevant to include citations to their previous work, unnecessarily lengthening the reference list.
