

Supplementary material.

A

B

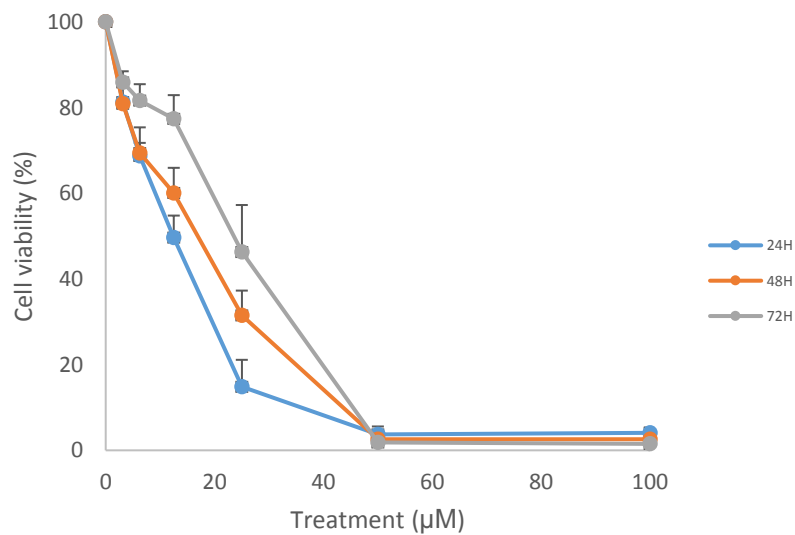

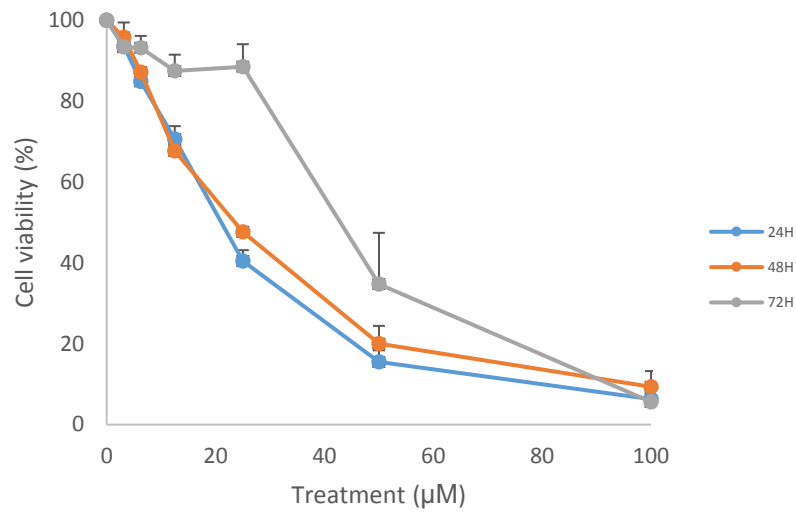

Figure 7. Dose-response curve of (A) TQ and (B) TQ-NLC of 3T3 fibroblast cells. (A) TQ treated on 3T3 cells and (B) TQ-NLC treated on 3T3 cells following treatment after 24 h, 48 h and 72 h as determined by MTT assay. The data are presented as mean  $\pm$  SEM.
