In the article titled “Plant Leaves Extract Irrigation on Wound Healing in Diabetic Foot Ulcers” [1], there were errors in Figure 1, where “Follow-up-200” and “Analysis-174” should be corrected to “Follow up-173” and “Analysis-

160,” respectively. Additionally, a number of subheadings were missing in Tables 1 and 4. The authors confirm that this does not affect the results or conclusions of the article, and the corrected figure and tables are as follows.
