The paper titled “Some Properties of Fuzzy Quasimetric Spaces” [1], published in International Journal of Mathematics and Mathematical Sciences, has been retracted as it is found to contain a substantial amount of material from a number of previously published papers. The most plagiarized papers are as follows: (1) A. George and P. Veeramani, On some results in fuzzy metric spaces, *Fuzzy Sets and Systems* 64 (1994) 395–399; (2) A. George and P.
