

Additional, supplementary material

Additional Figures

The IR spectra of the three chromatographically purified $C_{76}-D_2$ samples and of the three chromatographically purified $C_{84}-D_2:22$ samples from this research.

Figures 1, 2, 3 and 4 are included and presented in the article.

Figures 1-2, 1-3, 2-2 and 2-3 are additional, supplementary material for the explanation of absorption bands in Tables 1 and 2.

Figure 1 presented in the article is equivalent with Figure 1-1.

Figure 2 presented in the article is equivalent with Figure 2-1.
