Fig. S1. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 3a.

Fig. S2. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 3b.

Fig. S3. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 3e.

Fig. S4. Quantification of E-cadherin, and N-cadherin related to Figure 3f.

Fig. S5. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 4a.

Fig. S6. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 4c.

Fig. S7. Quantification of E-cadherin, and N-cadherin related to Figure 4f.

Fig. S8. Quantification of E-cadherin, N-cadherin, and YDJC related to Figure 5a.

Fig. S9. Quantification of E-cadherin, N-cadherin, and ERK1/2 related to Figure 5d.

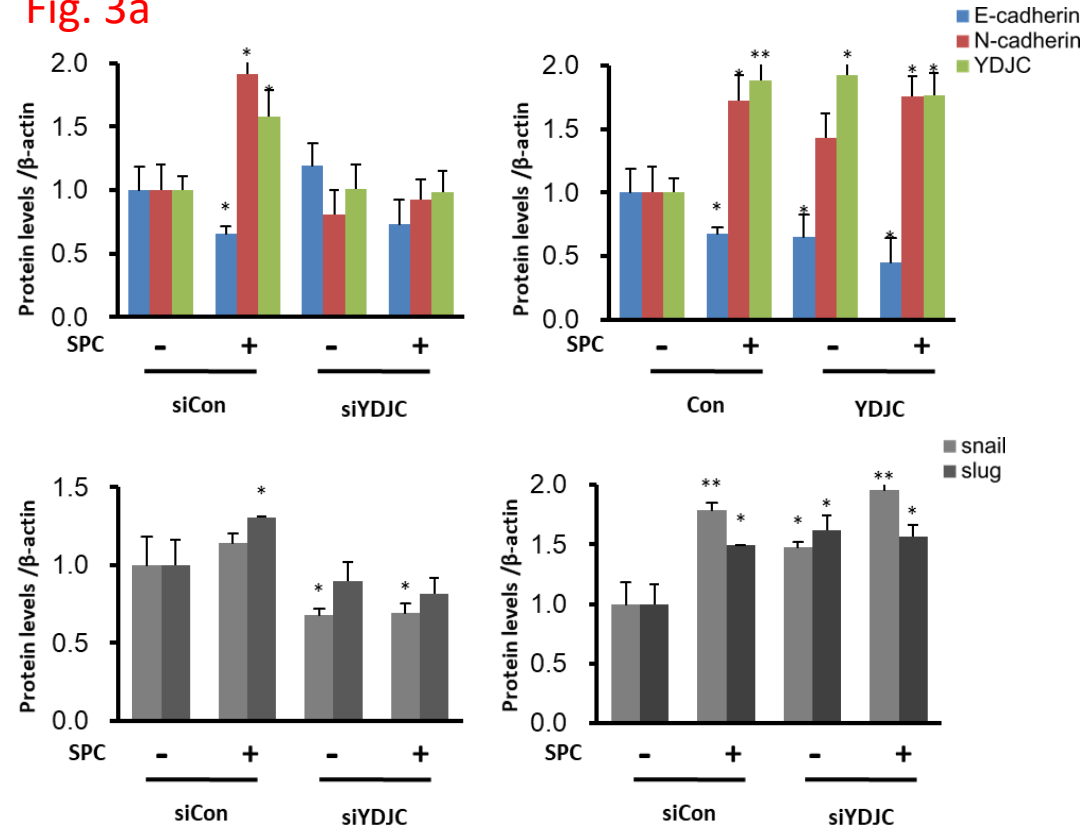

Fig. S10. Quantification of PP2A related to Figure 6a.

Fig. S11. Quantification of PP2A related to Figure 6b.

Fig. S12. Quantification of PP2A related to Figure 6c.
