

## Appendix 1

Recurrence free survival (RFS) according to Ki-67 index by 14% cut-off value

## Appendix 2

a. RFS in the low PgR subset

b. RFS in the high PgR subset

RFS of patients in high and low Ki-67 by 14% cut-off value according to progesterone receptor expression status (a) RFS according to Ki-67 in the low PgR subset (b) RFS according to Ki-67 in the high PgR subset
