

**Supplemental Figure 2**

A. Rab7 – Ocriplasmin co-localization in Müller cells

B. Rab7 – Ocriplasmin co-localization in RPE cells

C. Rab11 – Ocriplasmin co-localization in Müller cells

D. Rab11 – Ocriplasmin co-localization in RPE cells

Detailed and separate fluorescence channel assessment of co-localization of Alexa-488 ocriplasmin with endosomal transport vehicles by confocal microscopy.
