In the article titled “Novel Insights into the Predictors of Obstructive Sleep Apnea Syndrome in Patients with Chronic Coronary Syndrome: Development of a Predicting Model” [1], several writing errors were made when drafting the article where “male” replaced the word “hypertension.” Therefore, the following corrections have been made to the article:

(i) In Section 3.2, “male” has been corrected to “hypertension”
(ii) In Table 3, “male” has been corrected to “hypertension”
(iii) In Section 3.3, “male sex” has been corrected to “hypertension”
(iv) In the first paragraph of Discussion, “male” has been corrected to “hypertension”
(v) In Conclusions, “male” has been corrected to “hypertension”
