The English writing of the following manuscript was carefully edited by a native English speaker.

Manuscript Information

ID	LE202210240433
Editing date	2022-10-27
Title	Identification of ribonucleotide reductase subunits as independent prognostic and chemosensitivity implications in liver cancer
Corresponding author	Senxiang Yan
Language writing before editing	□ Very poor □ Poor □ Fair ■ Good □ Very good □ Excellent
Recommendation after language editing	□ Submitting to target journal directly ■ Submitting to target journal after minor revision □ Re-editing required after major revision □ Not suitable for publication

| Overview comments | Thank you for using Editorbar service! The manuscript was written with good command of English. However, there are minor changes in the grammar and sentence constructions which have been changed. Moreover, it would be better if the author provides abstract and materials and methods for better understanding. Please make appropriate corrections and can be submitted to the journal. Thank you! |
