

Additional file The *OsRab7* transform cassette, and PCR confirmed the transgenic rice.

(a) The *OsRab7* cassette for rice transformation with the *OsRab7* gene under the control of the ubiquitin promoter. Pubi: the maize ubiquitin promoter. (b) PCR amplification of 0.75kb of the hpt expression cassette. M DL2000 maker. 0 untransformed control rice sample; 1-23 represent the putative transformed samples.
